COMPANY BRIEF

OSMARK REMODELING LLC remodels and upgrade house with a touch of class, through Painting jobs, Hardwood flooring, Plumbing, Ceramic tilling, Capentry, Electrical fixtures etc.

The company is in a competitive niche hence want to stand out among others. They needed a corporate identity that automatically illustrates their core services and attractive to users.

They are known for her strength, loyalty and integrity in bringing clients desires to reality.

MY DESIGN PROCESS

It was easy to brainstorm the right icons to use in illustrating the brand identity after being briefed on the type of logo needed and purpose.

It started with a sketch of possible icons, representation using vectors presentation in different formats and relatable mock-ups.

CHALLENGES

As easy as it was to get the right icons, the brand niche seem to be a very one; of which the client's request relates to other remodeling brands. Making the logo a unique one and at the same time following the client's request was a tough one.

ICON ANALYSIS AND REPRESENTATION

The icon is a house representing where the company's remodeling service takes place.

A hammer is a significant tool in remodeling, it is known for its heavy duty and strength.

The icons were positioned in such a way that; It aligns with the brand name being a combination mark logo type.

■ BRANDING ■

TOBI - A leather bag design brand for women.
As briefed, there's need for a simple but creative identity.
Considering the brand niche, a combination mark was infused,
creating an icon with the brand's sole initial letter "T" - carefully
placed on the four edges of a square representing order, trust
and stability.

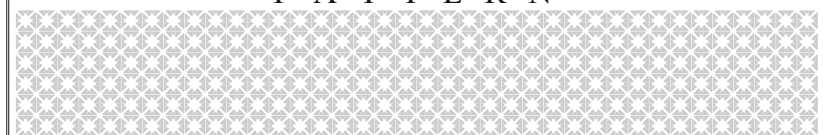

USAGE

- PRINTS (Letter head, Business card, Flier etc)
- WEBSITE (Monochromatic and Responsive)
- LEATHER IN-PRINT
- BUTTON BADGE
- PATTERN
